Measures in relation to enhanced epidemiological protection June 22, 2020

Further measures required in relation to Act LVIII of 2020 on the transitional rules related to the cessation of the emergency situation and on epidemiological preparedness and to certain government decrees

The Coordinating Committee, on the basis of

- Act LVIII of 2020 on transitional rules related to the cessation of the emergency situation and epidemiological preparedness,
- Government Decree 282/2020 (VI. 17.) on the cessation of the emergency situation announced on 11 March 2020,
- Government Decree 283/2020 (VI. 17.) on the introduction of epidemiological preparedness,
- Government Decree 284/2020 (VI. 17.) on transitional government decree rules related to the cessation of the emergency situation, and
- the decision of the National Chief Medical Officer on the organization and public health epidemiological conditions of examinations in higher education institutions, announced on 2 June 2020,

reviewed its measures taken between 9 March and 9 June 2020 and amended them as follows:

I. Repealed measures

The following measures are repealed:

1. Sections I and III of the measures dated 9 March 2020;
2. Sections II and III of the measures dated 10 March 2020;
3. Sections II and III of the measures dated 11 March 2020;
4. the measure dated 26 March 2020;
5. the measure dated 29 March 2020;
6. the measure dated 17 May 2020; and
7. Points 1-3 of Section I of the measures dated 18 May 2020.

II. Entry of students into BME campuses, and some academic activities

1. Students may enter BME campuses. A protective distance of 1.5 meters must be maintained on the territory of BME, and it is recommended to wear a mask, scarf or shawl covering the mouth and nose.
2. Academic performance evaluation activities (especially: exam, complex examination) may be held only in the form of distance work order, through information systems.
3. During final exams requiring personal presence, the measures of 18 May 2020 and the decision of the National Chief Medical Officer on the organization and public health epidemiological conditions of examinations in higher education institutions, announced on 2 June 2020, shall be followed.

III. Visiting dormitories

Until detailed rules for visiting and using dormitories are laid down by law or authority, dormitories owned by BME, with the exception of Martos Dormitory, may not be visited or used by students.

The Coordinating Committee
